IN DEEP LOVE: HOST VOLUME 2

Hello again! Or nice to meet you, I'm Yoshii
This is my ranting corner(?) Waaa—

Deep Love: Host Wow, it's the first time I've ever drawn a manga with absolutely no women whatsoever. Even I'M surprised at the fact that there's only men (oh, but don't get me wrong! I love drawing guys!) This was also my first attempt at drawing guys with suits. THEY'RE AWESOMELY PRETTY SUITS!! (or so I call them (lol)).

I actually have pictures for reference to draw the outfits, but every now and then I get a block. When I started working on this, every time I saw a suit, like on TV or something, and someone comes out wearing a suit, all of a sudden I start observing them closely (There aren't a lot on TV, though.)

"Taku" (kun) had a concert whose live DVD I bought. It had him with a really good suit figure, but no matter how many times I look at it, it doesn't seem like it'll go well.

When this serialization is over, I'd like to draw out some ideal suits, even just a little bit (but the road to getting there is eternally long.)

I want to have that feeling when I spend my days pursuing the "Cool Suit."

But until we meet again, in volume 2! ✔
